**ALL HONOR TO MINNESOTA AND IOWA.**  
One of the most gratifying incidents of the recent National triumph is the adoption of Impartial Suffrage in the States of Iowa and Minnesota. This was the third time in Minnesota, and the first time in Iowa, that the people have increased at each re-apportionment. Both States have adopted the amendment striking the word "white" from their constitutions by decisive majorities.

National Thanksgiving Proclamation by the President.

In the year which is now drawing to its end, the art, the skill, and the labor of the people of the United States have been employed with greatest diligence and vigilance in the gathering of the fruits of the earth; have been gathered into the granaries and storehouses in漫游 abundance. Our highways have been throughout new and improved, so that we are permitted to hope that long protracted political and sectional discussions are, at no distant day, to give place to returning harmony and concord. We are grateful to the Providence of God, Many foreign States have entered into liberal agreements with us, which nations which heretofore have been the most rigidly exclusive, have become our friends. In the annual period of rest we have, we have reached in health and tranquility, and which is crowned with as many blessings, is by universal consent, convenient, comfortable and safe for all, and a source of strength and prosperity to our public domain. I, therefore, recommend that

Thursday, the 26th day of November next be set apart, and observed by all the people of the United States, in thanksgiving to God for his giving and prayer to the Almighty Creator and Divine Ruler of the Universe, by whom ever watched, merciful and gracious providence has guided these United States and their individual men, do we live in peace and safety, in this our land of freedom and liberty.

In witness whereof, I am the President of the United States, to be affixed, Done at the city of Washington, this twenty eighth day of October, in the year of our Lord, one thousand eight hundred and sixty-eight, and of the independence of the United States of America, the thirty-third.

ANDREW JOHNSON.

William H. SEWARD, Secretary of State.
